x.

Dr Travers now asks the contribution from Jan'y 08 but it is not known to this branch whether the Govt of India also have agreed to pay it from Jan'y 08

Attention is also ~~~~ invited to Govt letter 23 7 08, wherein it is understood that the Contribution has to be paid only from 1st April 1908 + consequently ~~only~~ a provision of Rs 50,000 has been made in the budget for 1908-9

By IV may be asked whether there are any references in that branch as to the date from which the Govt of India pays the Contribution otherwise it may be ascertained from Dr Travers himself

the Govt of India have paid their annual contribution from the 1st April 1907

Dr Travers adds that the Provisional committee for the Institute does not expect that because the Govt of India have paid their contribution from 1-4-1907, the Mysore Govt should do likewise

The Mysore Govt contribution will have to be paid from 1st January 1908 The grant is to be paid quarterly in arrears and so a provision of Rs 62,500 is required during the Current year for 5 quarterly payments from 1st January 1908 But the

NOTE—Contn sheet

GPB—50 000—1d 5 08

Serial No

provision that has actually been made in the Budget is only Rs 50,000. Therefore a sum of Rs 12,500 will have to be found by Reappropriation or otherwise

Subject for orders Pt II may be Committed

Regarding the same matter, some D-O correspondence was recently received Please put up those papers and continue the note if necessary

21 11 08

The D O correspondence is put up The grant will have to be found from 1-1-1908 as already noted -

Reply connected with proposal

Having promised to pay the Maintenance grant from 1-1-08 proposed the Pt pay their grant from the same date, we have to pay the amt from the said date as the latter Govt have begun to pay their share from a still earlier date viz 1-4-07. The provision entered in the Budget on this account is only Rs 50000 and to provide for payt from 1-1-08, an additional sum of Rs 12500 has to be found and the Finance Branch can suggest no source for meeting this new charge. The administrative Dept may suggest the postponement of some less pressing demand for which provision is made in the Education Budget so that the present

NOTE—Contn sheet

NOTE—Contn sheet

GPB—50 000—13 5 08

G R S 12
General and Revenue Secretariat

Gt File No 72 of 1908

Serial No

The present proposal is that the annual Contribution of Rs 50,000 promised by the Mysore Govt may be paid from 1 4 1907 The Mysore Govt had undertaken to pay only a Sum of Rs 30000 annually but the Contribution was subsequently raised to Rs 50,000 on Condition that no further increase would be asked for — Please See G O^t of 2 7 05 The Contribution is an annual grant-in-aid for the working of the Institute and Strictly Speaking, its payment falls due only after the Institute is formally opened and begins its work

So far as information is available, only the Constructn of the buildings required for the Institute appears to have been undertaken so far and the Institute not having begun to do its regular work, the annual payment intended for the Carrying on of

We may briefly reply stating that the Hon'ble the Revenue Member is aware that the present agricultural situation in the State is likely to cause some strain on the budget and difficulty is already being experienced in reappropriating funds for some expenditure which had recently been sanctioned by Govt on account of high prices & famine advances, from compensations also &c, that the disturbance in the current year's budget thus caused is likely to affect improvements on the budgets for the next year or two, that in these circumstances the Govt regret that they do not feel prepared to undertake addl

NOTE—Contn sl eet

GPB— 0000—18 5 08

Serial
No

Such work can not, consistently with the Conditions of the Grant, be claimed now

The Institute authorities seem to be aware of this aspect of the matter and their application for payment of the Contribution from an earlier date as a Special request for a Concession in view of the additional funds required for building purposes (please see Dr Travers' letter × of 3-9-08

It is clear from the letter that the request for payment of the annual grant for some years before the Institute begins to do its regular work is with the object of adding to the building funds It would appear that the estimated expenditure on buildings is nearly 11 Lakhs while the building Contribution of the two Govts is only 7½ Lakhs

The Mysore Govt

Such letters; and that they certainly take that their inability to accept the conditions on purely financial grounds may not be regarded as an indication on their part of lack of enthusiasm in the cause of Science or may not be a bar to Mr Tata's paying his contribution for 1907 as the first known practically done—

M
12/11/08

NOTE—Contn sl eet

GPB— 0000 18 5 08

Serial No

have given a Sum of Rs 5 lakhs for the Construction of the buildings while the Contribution of the Govt of India for the same purpose is only 2½ lakhs Besides the liberal money Contributions, the Mysore Govt have granted free, an extent of land measuring 370 + odd acres

Under the rules, building grants-in-aid are limited to one-third of the Estimated Expenditure but in the present Case the proportion of the Govt Contributions in money + land is half or even more This proportion seems very liberal and requests for further assistance to it are hardly fair The present proposal has, it seems, in the light of Dr Travers' letter of 3 9 28 to be viewed as really a request for a larger building grant than the

GPB— 0 000 18 5 28

Serial No

most liberal Contributor already Sanctioned

Besides, having agreed to pay the maintenance grant from 1-1-05 and also to the utilisation of it for building purposes the Mysore Govt have practically added largely to the already liberal grant given by them and are not right to ask for any more addition to the Same grant

Even in regard to the payment of the grant, the Mysore Govt have arranged for it in a way most favourable to the Institute By paying the entire amount of a large Contribution before the Construction of the buildings was begun, the Mysore Govt have allowed the Institute to benefit by the interest which the amount will earn before it is actually expend

NOTE—Contn sl eet

Serial No 1

In the above circumstances it seems we may say that we have already very generously contributed towards the building Expenditure and we do not see our way to accede to the personal to pay the maintenance grant from 1 4 07

Relatively the maintenance grant, we have undertaken to pay is very high The annual yield from the Endowments is Rs 125000 & the Govt of India have promised to pay only half of the other income of the Institute the other income of the Institute being Rs 175000 (the income from the endowment Rs 125000 + the Mysore Govt grant in aid Rs 50000) the Govt of Mysore pays annually only Rs 87500. & Compared with this amt, the Contribution by the Mysore Govt

NOTE—Contn sl eet

GPB— 0000 18 5 08

Serial No

(Rs 5000) is really very high.
We have provided only Rs 5000 in the Current year's budget on this account and that will suffice for meeting the demand for the four quarters beginning with April 1908 As the Govt of India have agreed to pay their share from 1.10.08 we have to find funds for making another quarter's payment and now that the Seasonal Conditions are bad and serious attempts are being made to recast the budget and release funds for relief measures, it may be difficult even to provide money for the additional quarters demand which has to be met.

The present position would require another Rs 3/500 and it is impossible to find this amount above

PS I have put up all the available files on the subject -

o 1392

Bangalore,

14th November 1908

Dear Mr. Fraser,

I am in receipt of your D O letter of the 9th instant enquiring whether the Mysore Government will pay their annual contribution to the Institute of Science from the 1st April 1907 instead of from the 1st January 1908 as they have already agreed to do

As you are aware, the present agricultural situation in the State is likely to cause some strain on the budget, and difficulty is already being experienced in re-appropriating funds for some expenditure which had recently to be sanctioned by the Government on account of the seasonal conditions and the high prices of food grains, e g for takavi advances and for grain compensation allowance to minor officials and servants The disturbance in the current year's budget thus caused is likely to leave impressions on the budgets for the next year or two In these circumstances His Highness' Government regret that they do not feel justified in undertaking additional liabilities.

The Government of India may be aware that the Mysore Government have in the past endeavoured as much as lay in their power to show their appreciation of the munificence and patriotism of the founders of the Institute and of the fact of Bangalore being selected for locating the Institute, by raising the original annual contribution from Rs 30,000 to Rs 50,000 and giving it from the 1st January 1908 long before the Institute came in o existence and began work, by paying a building grant of Rs 5 lakhs in advance before construction beg n, thus allowing the Institute the benefit of the interest on this large sum for a considerable period, and by giving free of cost a site for ~~x xxxxxxxxxx~~ the Institute which, calculated on the prices fetched by land in the adjoining Malleswaram Extension, may be

To R S Chandrasekhara Aiyar Esq , B A , B L ,
Secretary to the Government of His Highness
the Maharaja of Mysore, General & Revenue Dept

Bangalore the 18th November 1908

Sir,

I have the honor to acknowledge receipt of your communication of the 16th November, No 4623/Edn 135-08 The matter referred to was first of all dealt with in conversation with the officers of the Home Department of the Government of India, and the first communication which I received is as follows

Demi Official - G Fell Esq , Deputy Secretary to the Government of India, Home Department, to Dr M W Travers
Dated Calcutta, 27th January 1908

"Meston (Deputy Secretary, Finance Department) has asked me to tell you that the Finance Department have agreed to give the Government contribution to the Institute from January 1st

Without sending me further information, the Government paid into the Resident's Treasury, Bangalore the sum of Rs 87,500 being their annual grant reckoned from 1st April 1907, and the money was transferred to an account which was opened in the name of the members of the Provisional Committee appointed by His Excellency the Viceroy to manage the affairs of the Institute The Director was requested to enquire of the Government of India as to whether they had intention to pay their grant from the 1st April 1907 calling their attention to the fact that they had promised to pay the grant from 1st January 1908 I did so and received the following reply from Goverrrent

5

D O Letter from G Fell, Esq I C S , Deputy Secretary Home Department, Government of India to Dr Morris W Travers Dated 1st August 1908

With reference to your demi-official letter of the 12th July, I write to say that the Government of India intentionally paid in full, for the year 1907-08, their annual grant to the Institute "

I may add that the Provisional Committee understands that the Mysore Government are prepared topay their contribution from the 1st January 1908, and does not expect that because the Government of India have paid their contribution from an earlier date, the Government of Mysore should do like ~~wise~~

I have the honor to be,

Sir,

Your most obedient servant,

Morris W Travers

To

C S Balasundara Iyer Esq B A ,
Offg Secretary to the Government of His Highness
the Maharaja of Mysore, Genl and Rev Dept
Bangalore

Bangalore the 20th February 1909

In reply to your letter No 8090/Edn 72-08 of the 17th instant, I do not think there is any objection to the next payment being made after the 1st July of this year

I may point out that it is a matter of greater importance to us that we should know within a week or two at what date we may expect the money to be paid rather than that it should be paid quarterly or half-yearly

I have the honor to be,

Sir,

Your most obedient servant,

Director
